SHORT VERSION

The IEEE Computer Society is a growing and diverse community of computing professionals and the most trusted source for information, inspiration, and collaboration in computer science and engineering.

LONG VERSION (FOR WEBSITES AND BROCHURES)

The IEEE Computer Society is the premier source for information, inspiration, and collaboration in computer science and engineering. Connecting members worldwide, the Computer Society empowers the people who advance technology by delivering tools for individuals at all stages of their professional careers. Our trusted resources include international conferences, peer-reviewed publications, a robust digital library, globally recognized standards, and continuous learning opportunities.

LONG VERSION (FOR PRESS RELEASES)

The IEEE Computer Society is the premier source for information, inspiration, and collaboration in computer science and engineering. Connecting members worldwide, the Computer Society empowers the people who advance technology by delivering tools for individuals at all stages of their professional careers. Its trusted resources include international conferences, peer-reviewed publications, a robust digital library, globally recognized standards, and continuous learning opportunities.

Our Brand Identity Prism

Use this as a general guide when describing our brand.

PHYSICAL ATTRIBUTES

Authoritative	Computers
Binary	Trending Topics
Global/diverse	Conferences
Educational Tools	Publications

NOBLE PURPOSE

Advance technology for humanity	Advance society through technology
Drive innovation	Advance the profession of computing
Leading provider of technical info in computing	Support computing professionals

PERSONALITY

Professional	Innovative
Highly respected	Trustworthy
	Intelligent

EXTERNAL RELATIONSHIP

Makes me a thought leader	Gives me trustworthy info
Gives me new knowledge and skills	Gives me research and insights
Network/community	

INTERNAL CULTURE

Cultivate knowledge	Community of experts
Lead with information	International/global
Quality	

REFLECTION (SEEN AS)

Innovative	Leader
Top performer	Relevant
Elite	

CAPABILITIES

Quality products and services	Relevant and quality knowledge
Technical leadership	Connects me with people worth knowing
Volunteer support	Drives the profession
Advancing careers	

SELF-IMAGE

I am part of a community	I am smart and knowledgeable
I am innovative	I am growing

Logo Usage

The primary logo for the IEEE Computer Society presents in black and orange.

The logo may also present in white and orange, solid black, or solid white.

The logo must always include the trademark symbol (™) as part of the 1/0 bug element.

For black backgrounds, use the fully white logo. For dark backgrounds, such as the IEEE blue, use the orange and white logo.

In 2021 collateral only, the 75th Anniversary Logo should be used.

Print and Web versions of the logo are saved in global/admin/logos/IEEE Computer Society Logos.

Note: More information is available online for [IEEE logo and brand guidelines](#).

[Sub-brand Logo Guidelines](#)

PRIMARY LOGO

ALTERNATIVE LOGO TREATMENTS

Logo Spacing & Placement

All versions of the logo require a minimum margin of 0.3 x height on all sides.

The logo should be never be used as part of a headline or sentence, reconfigured or altered, placed at an angle, subject to removal of elements, screened, or placed on a heavily patterned background or busy photograph. Readability should be ensured in all applications.

 CORRECT USAGE

Color Palette

The bright color palette is preferred.

Typography

The IEEE Computer Society uses the Google font Montserrat as the primary typeface. (Preferred weights are Light, Regular, Medium, Semibold, and Bold.) Montserrat is available for free at the following website: <https://fonts.google.com/specimen/Montserrat>

The secondary typeface is Open Sans. Open Sans can be used for long-form copy. It is available for free at the following website: <https://fonts.google.com/specimen/Open+Sans>

Both Montserrat and Open Sans font families are used for the Computer Society website. Montserrat is used for headings and use cases that require emphasis. Open Sans is used for long-form copy.

Offline Usage

Use Calibri in offline instances where Montserrat and Open Sans are not available. For example, use Calibri in Microsoft Office products.

PRIMARY FONTS

Social Media Guidelines

In general, our social platforms offer meaningful and compelling content that our audiences can't find anywhere else and that prompt our audiences to click on a link leading to Computer.org.

TAGS FOR EACH PLATFORM

Facebook: @IEEE.CS.Chapter.ISET.Bizerte.Student.Branch

LinkedIn: @ieee_computer_society_iset_bz

Instagram: @ieee_computer_society_iset_bz

Standard hashtag: #ieee_cs_isetbizerte

As our social channels focus more on marketing and business goals of the organization, we write conversational introductions to posts about a conference, a call for papers, a new magazine/journal issue, or an event/webinar. Posts should list the important dates, deadlines, location, subject matter, or other relevant information.

- Save the date! ...
- Check out new feature articles from...
- Don't hesitate! Register now for...
- Hurry and take advantage of early-bird registration for...

Each post should feature an image that is creative and attractive to our audiences.

We also focus on storytelling and narratives in our content that have proved to engage audiences:

- People: The who.
- What's new and important in the latest research and why.
- The surprising, amusing, entertaining, fascinating, and relevant aspects of our research and articles.
- Human interest stories, especially when they intersect with tech.

Our social content aims to reach the broadest audience possible, all in an effort to raise awareness of the Computer Society and Computer.org. The content will intrigue them. It will impel them to click and convert. It will add value to their reading and information experience.

Our audiences also like the human narratives behind this social content:

- Best papers and their authors
- Award winners
- Members making news

General guidelines for each platform:

- Facebook: Videos and curated content. Provide up to 500 characters of text, URL, and an image.
- Instagram: High-res photos, quotes, and Stories. Provide up to 150 words, an image, and a hashtag. Use URLs in Stories only.
- Twitter: News, blog posts, and GIFs. Provide 240 characters of text, URL, and an image.
- LinkedIn: Jobs, company news, and professional content. Provide up to 500 characters of text, URL, and an image.
